How we charge for newly installed services

You will be charged rental from the date of the installation of the service until the billing date, plus one month's rental in advance. Note that the pro rata calculation applies to all services, except TelkomInternet, where the full month's rental is also charged for the month of installation. You will also be charged once-off connection fees that will be credited to your account if you have already paid them in advance.

Faced with an ethical dilemma

VAT calculation

We calculate VAT per product or service type individually. Only the sum thereof appears on the tax invoice.

How we calculate interest

Interest is charged on all amounts due that have not been paid on or before the due date indicated on your invoice. Interest is calculated from the date of issue of the invoice until the date we receive the payment. We may amend the interest rate from time to time. The current interest rate is 18.00% per annum compounded monthly.

Ways to receive your invoice

- **Email**

You will receive your invoice via an email (email address of your choice) on a monthly basis in a pdf format.
Please note: This option is currently available to residential customers only.

- **Electronic billing**

You will be able to log onto our website and view your invoice online. A monthly notification mail will be sent to notify you that your invoice has been uploaded on the Electronic Bill Presentment platform. You can also pay your account online with your credit card.

- **Paper**

You will receive your printed invoice via the post.
